

Giving to ISC

All members of the school community benefit from the past and are guardians of the future of our school. Donations from individuals are very important to the success of ISC and its students. Tuition fees do not cover all the costs of providing a first-class and unique educational program, therefore, as all private schools, The International School of Curaçao, relies on annual gift income to cover a percentage of its operating budget as well as to cover the initiative of special projects.

ISC relies on capital and major gifts to ensure future growth. The responsibility for maintaining and enhancing the school's excellence rests in the hands of members of the school and Curaçao community.

How can we give?

ISC Annual Fund

At ISC we manage our resources wisely to offer a top quality US based curriculum which includes the IB Diploma Program in the high school. We also strive to maintain a community with international and socioeconomic diversity. A percentage of ISC' fees are destined to the ISC Scholarship Fund aiming to offer our excellent education to a number of students who can not afford it otherwise. The school's growth depends on financial donations and your yearly donation to the Annual Fund can help us underwrite the operations of the school's excellent academic programs and global mission, including the Scholarship Fund.

We count on you to support our success. Contributions to the Annual Fund can be made at any time and in any amount. Please contact our CFO, Mr. Giovanni Jimenez at jimenezg@isc.an to offer your gift.

Capital Campaigns

Periodically the board of directors and the school director identify building projects or other needs that require large sums of money to implement. Unlike annual funds, which raise money for annual operating expenses and scholarship fund, capital campaigns raise funds in a defined period of time for specific uses, such as building improvements and implementation of special programs.

Capital campaigns help the school grow and plan for the future. At ISC many of our building projects, such as music and art classrooms, and the gym/auditorium have been partly funded by gifts received from community members.

Planned giving

The term "planned giving" refers to major gifts made to the school through various financial instruments. A planned gift can be as simple as remembering ISC in your will, setting up a trust, a gift of life insurance, retirement plan assets, and gifts of property.

Donor Profiles

People who give to ISC come from various backgrounds, from corporate donors to ISC families to friends of the school. They all share one common trait: a lifelong commitment to international education and global citizenship.

Thank you for Giving to ISC!
